Date: 15 February 2022

A meeting of NISP committee members & departmental R&D coordinators was conducted on February 10, 2022, in the Electrical Department Faraday Hall from 12.30 pm to 01:30 pm to discuss the following agenda

1. Welcome and Review of the last meeting
2. NISP Implementation
3. Innovation Centre
4. KKWIEER-IDEA Lab
5. IIC Activities
6. R&D Activities

The minutes of the meeting are as follows

Item 1: Welcome

1. Meeting began with the welcome note by Dr. Munje.

Item 2: NISP Implementation

2. Dr. Thakre briefed on the exploration on research components in the new innovative ideas of the startup from the students
3. It is decided to conduct some brainstorming session to promote the NISP policy among students and faculties
4. Dr. Thakre further briefed to promote the NISP policy benefits to stakeholders, i.e., students, in terms of opportunities for innovation and startup for students and faculties
5. It is decided to identify the thrust areas for intervention till the next meeting in the coming month, i.e., March 2022 and will be finalized.

Item 3: Innovation Centre

6. Dr. Munje provided an update on the development activities of an Innovation Centre as well as reviewed the action items listed in the previous meeting minutes.
7. Dr. Munje informed that the furniture items for the ideation room are finalized. The quotations of the same will be received and will be sent for the approval of Hon. Trustee.
8. Dr. Munje emphasized the need of creating awareness in students about the Innovation Centre by interacting with students.
9. He also suggested visiting the innovation center for checking the work progress.

Item 4: KKWIEER-IDEA Lab

10. Dr. Munje briefed the action items listed in the previous meeting under the KKWIEER-IDEA lab.
11. Dr. Munje said that one purchase meeting has been completed for 3-D Scanner and 3-D printer. The item will be finalized soon and Purchase Order will be released. Also, he requested to submit the comparative statement for the PCB prototyping machine.
12. Munje asked all the coordinators to submit the plan of the activity assigned to them under the IDEA lab. He said that this month a visit of school students will be arranged to the KKWIEERIDEA lab and the activity will be coordinated by Science Department.

Item 5: IIC Activities

13. Dr. Daware stated that three activities have been uploaded on the IIC portal in the first quarter and that he expects at least three activities to be finished in the second quarter.
14. Dr. Daware stated that the student's application for such an IIC committee member was already received. It was decided that it would have been finished within the next week. The same students will also assist Prof. Panchbhai in the ED cell.
15. Dr. Munje requested to complete the activities assigned to respective R&D coordinators as a part of the IIC activity.
16. Dr. Daware said that under the Mentor-Mentee scheme, we have selected our Mentor as G. H. Raison College from Pune.
17. Prof. Panchabhai was requested to plan some activities under the ED cell for students in line with IIC activities.

Item 6: R&D Activities

18. Dr. Munje suggested keeping proposals ready for the funding agencies before the deadline. The call for the Core Research Grant will be open in a few days.

As there were no other points, the meeting concluded by proposing a vote of thanks by Dr. M. P. Thakre

Dr. Mohan P. Thakre

NISP Coordinator
