ATAL FDP on AI-Driven Educational Technologies for Enhanced Teaching and Learning

It was a wonderful initiative by ATAL Academy, and WE are grateful to AICTE for giving us the opportunity to conduct this online FDP for faculty members from technical institutes across India, at no cost. The response to the registration was overwhelming, and we received numerous good feedback about the online workshop, the quality of content, and the hands-on sessions. I sincerely appreciate the active participation and engagement of all attendees throughout the program.
