

Prof. S.S. Kahandal Received Best Paper Award at International

Conference in South Korea

Prof. S.S. Kahandal received the Best Paper Award at the International Conference on Advanced Materials Synthesis, Characterisation and Application, held at Sungkyunkwan University, South Korea, from 25th to 27th June 2025.

The award-winning paper, titled "Electrochemically Synthesised Nickel Selenide Thin Film for Overall Electrocatalytic Water Splitting Application", was co-authored by Dr. Ravindra Bulakhe and Dr. Anuradha Pawar.

This recognition highlights the significant research contributions in the field of advanced materials and sustainable energy applications. Congratulations to Prof. S. S. Kahandal and the research team for this prestigious achievement!
