International Workshop- ETPE&PD-2024

The Chemical Engineering Department hosted a two-day international workshop, titled “Emerging Trends in Process Engineering and Process Design (ETPE&PD-2024),” from **October 23rd to 24th, 2024**. This event was designed to provide participants with advanced knowledge and insights into process engineering and design. The program featured impactful sessions on cutting-edge technologies, presented by esteemed speakers from prominent institutions, including **foreign universities, IITs, and industry leaders**. About **164 participants** from India and around the world, including Saudi Arabia, Canada, Sweden, the United States, Denmark, and Oman, attended the workshop, representing various fields of chemical engineering. The event's success was made possible by the **Convener, Dr. S. N. Jain**, and **Coordinators, Prof. V. N. Mawal and Dr. Ravula Rajasekhar**, who expressed their sincere appreciation to all speakers and participants.

OUTCOMES OF WORKSHOP

- Understand emerging trends in process engineering and design.
- Learn sustainable process design practices.
- Enhance problem-solving and critical-thinking skills.
- Gain knowledge of modern simulation and optimization tools.
- Explore real-world industrial applications.
- Discover career and research opportunities in the field of process design.
