

3rd Prize at IET National Level Working Model Contest 2026

The Department of Chemical Engineering, K.K. Wagh Institute of Engineering Education and Research, is pleased to announce that **Mr. Shubam Ingale** and **Ms. Nandini Ahirrao**, students of SY B.Tech Chemical Engineering, secured the **3rd Prize** at the **IET National Level Working Model Contest 2026**. The students received a cash prize of approximately **₹25,000** for their excellent performance and innovative working model. The department congratulates the students on this remarkable achievement and appreciates their dedication, creativity, and technical skills. The department also acknowledges the continuous guidance and encouragement of **Dr. S. N. Jain, Head of Chemical Engineering Department**, and the constant support of **Dr. K. N. Nandurkar, Director**, in promoting innovation and student participation in national-level competitions. The department also expresses its sincere gratitude to **Mr. Sameer Wagh, Chairman**, and **Mr. Ajinkya Wagh, Public Relations Director, K.K. Wagh Education Society**, for their constant encouragement and support in fostering innovation and excellence among students.
