

Wins Inter-Department Cricket Championship at Maffick 2K26

The Department of Chemical Engineering proudly emerged as the champion of the Inter-Department Cricket Tournament organized as part of the annual sports fest **Maffick 2K26** at K. K. Wagh Institute of Engineering Education and Research, Nashik. Displaying outstanding teamwork, determination, and sportsmanship throughout the competition, the Chemical Engineering team secured a memorable victory in the final match and lifted the championship trophy. The winning team was led by **Ankit Aher, a Third-Year Chemical Engineering student**, who received the championship trophy on behalf of the team during the prize distribution ceremony. The tournament witnessed enthusiastic participation from various departments, promoting a spirit of healthy competition and camaraderie among students. This remarkable achievement highlights the department's excellence beyond academics and reflects the dedication, leadership, and team spirit of its students. The victory added a proud moment to the celebrations of **Maffick 2K26** and brought laurels to the Department of Chemical Engineering.
